From the Editor's Desk

I was in the farm store the other day and heard the chirping of chicks. I, also, noticed my tulips are starting to bloom. Both are sure signs that spring, Easter and April are around the corner.

These chicks made me think of the Easters of my childhood. When we would hunt our eggs, we'd find candy in them. But my nephews tell me their eggs have money in them. Wish, I'd had those eggs to hunt as a child!

April brings another birthday for my teenager. Hard to believe how fast time can fly by. Seems like it was just yesterday that he was hunting his first eggs with his great grandma.

The rest of the year promises to come as fast as the first three months have.

Hope everyone had a good Easter. See you at the meeting.

Dyan

YN Chit Chat

Greetings fellow YNs. I hope everyone turned in their applications for Summer Seminar. It should be an awesome trip! I've never been to Colorado, so I am looking forward to new scenery, as well as, the opportunity to learn more about all things numismatic.

Then when we get back, there is the chance to share what we learned with everyone and earn YN dollars. It's a win-win situation.

April 17-23 is National Coin Week, so let's try to bring some guests to the April meeting and show them how much fun coin collecting can be.

We still need programs for a few months. Jeff and Jerry would like one of us to volunteer to do a short talk for the general membership. Give it some thought and see what you come up with.

National Park Service Centennial

The National Park Service (NPS) has had stewardship of America's national parks since 1916, when President Woodrow Wilson signed legislation creating the agency. It oversees approximately 400 sites covering some 84 million acres in the United States and its territories. In addition to national parks, the NPS system includes monuments, battlefields, military parks, historical parks, historic sites, lakeshores, seashores, recreation areas, scenic rivers and trails, as well as the White House. More than 20,000 NPS employees care for these sites with help from dedicated volunteers and park partners.

The 100th Anniversary of the National Park Service Act ([Public Law 113-291](#)) was signed into law on December 19, 2014, to commemorate the agency's 2016 centennial. Under that law, Congress directed the Mint to strike and issue: \$5 gold coins; \$1 silver coins; and half dollar clad coins.

\$5 gold coin: The obverse design features John Muir and Theodore Roosevelt with Yosemite National Park's Half Dome in the background. Inscriptions are "LIBERTY," "2016" and "IN GOD WE TRUST." The reverse design features the National Park Service logo. Inscriptions are "UNITED STATES OF AMERICA," "E PLURIBUS UNUM" and "\$5."

\$1 silver coin: The obverse design features Yellowstone National Park's Old Faithful geyser and a bison. Inscriptions are "LIBERTY," "NATIONAL PARK SERVICE CENTENNIAL," "IN GOD WE TRUST," "1916" and "2016." The reverse design depicts a Latina Folklórico dancer and the NPS logo, representing the multi-faceted cultural experience found in America's national parks. Inscriptions are "UNITED STATES OF AMERICA," "E PLURIBUS UNUM," "\$1" "HERITAGE," "CULTURE" and "PRIDE."

Half dollar clad coin: The obverse design features a hiker discovering the majesty of the wilderness and a small child discovering a frog hiding in ferns, celebrating the diversity and breadth of the NPS. Inscriptions are "LIBERTY," "2016," "IN GOD WE TRUST," "1916" and "NATIONAL PARK SERVICE." The reverse features the NPS logo. Inscriptions are "UNITED STATES OF AMERICA," "E PLURIBUS UNUM," "HALF DOLLAR," "STEWARDSHIP" and "RECREATION."
