Oct. 22-23, 2022 in Springfield, Mo.

We start every meeting with a socializing period from 6:00 p.m. to 6:30 p.m.
At 6:30 p.m., we start our membership meeting that consists of: Door Prize
Drawings (Junior and Adult), General Business and a Short Program. We
have a Live Auction (must be a member to enter items in the auction & limit of
5 items per meeting) that begins at 7 p.m. YNs have their own
meeting during the auction. We like to dismiss before 8:45 pm if at all
possible.

EDITOR'S CORNER

As I put this month's edition together, Thanksgiving is bearing down on us! And our year end banquet is just around the corner! Where did the year go?

I hope everyone can attend the banquet. The club will be providing the main dishes: turkey, ham, mashed potatoes, gravy and dressing. (Okay, I just made myself hungry!) Please bring a covered dish (either a different side or dessert) with you. We will have another great OCC Year End video to watch. And the YNs will be awarded their year end prizes.

Hope to see you there. Stay, safe, warm and well.

From our family to yours – Have a Happy Thanksgiving.

Dyan

MANY THANKS

Many thanks to Dale for conducting the YN education program this month. Let's have other members step up and do a YN education program.

Coin of the Month

American Innovation \$1 - New York

The American Innovation \$1 Coin representing New York pays homage to the Erie Canal. The Erie Canal in New York is part of the east–west, cross-state route of the New York State Canal System (formerly known as the New York State Barge Canal). It was built to create a navigable water route from New York City and the Atlantic Ocean to the Great Lakes, originally stretching for 363 miles from the Hudson River in Albany to Lake Erie in Buffalo. Completed in 1825, it was the second-longest canal in the world and greatly enhanced the development and economy of the cities of New York, including Albany, Syracuse, Rochester, Buffalo, and New York City, as well as the United States. This was in part due to the new ease of transport of salt and other goods, and industries that developed around those.

The canal was first proposed in the 1780s, then re-proposed in 1807. A survey was authorized, funded, and executed in 1808. Its construction began in 1817 after proponents of the project gradually wore down its opponents; and it opened on October 26, 1825. The canal has 34 numbered locks starting with Black Rock Lock and ending downstream with the Troy Federal Lock. Both are owned by the federal government. It has an elevation difference of about 565 feet.

Prior to the opening of the canal, local transportation of bulk goods was limited to the use of pack animals who had a 250-pound maximum cargo capacity. In the absence of railways, water was the most cost-effective way to ship bulk goods.

The obverse design features a dramatic representation of the Statue of Liberty in profile. The reverse design depicts a packet boat being pulled from a city in the East toward the country areas to the West.
