EDITOR'S CORNER

We had a great turnout for our annual picnic. The weather was wonderful! And our attendance numbers were at pre-COVID levels! If you weren't there, you definitely missed out!

It's hard to believe we're about three weeks from our annual show! I'm not sure where the year went. But it sure went fast! We still have plenty of opportunities for you to help out. We're always looking for new volunteers to join our ranks. It takes A LOT of people – young and old – to put on our show.

Also, we have openings for adult exhibits. Come share a portion of your collection with us. If you want to do an exhibit, you'll need to grab a display case at the October meeting.

We hope you're staying healthy. Come join us at our next meeting. We hope to see you there.

Ozarks' Coin Club Minutes

September 11, 2021

This month's meeting was held at Ritter Springs Park for our annual picnic. There were 47 adults and 27 youth in attendance for a **total of Seventy-four (74)**.

It was a beautiful day for a picnic. We were treated to a gentle breeze with several leaves falling from the trees. It was a pretty sight. Thank you to Brian S, Ed M, Russ S, Jim C and Jesse J for grilling the meat. All of the side dishes were wonderful.

As usual Jim G did not disappoint. The sand volleyball court was turned into a treasure hunt. Jim G and Don F assisted the YNs with metal detectors so they could find their treasure. All YNs with a good eye and dart throwing skills earned more coins popping balloons. The YNs were treated to music from way before their era during the coin walk. And of course, there was classic Plinko.

Jim G did an hourly drawing. The "Guess What's in the Jar" this year was a tall glass jar filled with jingle bells. The total count was 294 bells. The prize this year was a 2018 Silver Eagle.

I heard people saying this year has been our best picnic ever. The board hopes everyone who attended had a good time. We are looking forward to next year's picnic.

2021 Native American \$1 Coin

The theme of the 2021 Native American \$1 Coin is *Native Americans in the U.S. Military*.

Native Americans have served in the Armed Forces of the United States in each of our nation's conflicts, beginning with the Revolutionary War. They have served at a higher rate in proportion to their population than any other ethnic group. During World War I, Native Americans volunteered to fight in astonishing numbers although most were ineligible for the draft. Of the 10,000 Native Americans who served in the Army and the 2,000 who served in the Navy, three out of four were volunteers.

Native Americans have received recognition for their service, including five Medals of Honor during World War II. Their exemplary record of military service continues to this day.

The obverse design retains the central figure "Sacagawea" carrying her infant son, Jean Baptiste.

The reverse design features eagle feathers, which were traditionally earned in battle or by performing a brave deed. Eagle feathers are revered and respected, receiving the utmost care and handling, and are to be displayed proudly in homes. Stars representing five branches of the U.S. military are in the foreground, while a circle provides an additional reference to Native Americans.
