August Auction Action!!!!!!

We are breaking from tradition this year. The August Meeting will be 100% auction.

It will start with a benefit auction for the Joplin Coin Club. Please donate a few items to be auctioned off to help the members of their club who were impacted by the Tornado. 100% of the proceeds will go to their club. All lots will start at a dollar.

Please support this!!!! Someday it could be our club that is impacted.

After the Benefit Auction our auction team of Jim and Don will start in on the member items. All the standard rules for our double auction apply. If I remember correctly it is 15 items per family or 10 items for an individual. If that isn't correct, Jim or Don will give us the rules at the meeting.

ALL BS

(Written entirely by Bob Stewart, President OCC)

I hope you were able to attend the last meeting. If not, you missed a good one. The theme was "Collection Protection" and it was in 2 parts.

The first part was on safes and vaults for protection of our collections. John Bannon of Show Me Safe and Vault gave us a good basic overview of what was available plus the advantages & disadvantage of various types of units. He also left us with an excellent handout. If you have any questions he would be happy to help club members.

John can be reached at 417-763-2099.

Part 2 was on individual protection and how to make ourselves less of a target to the bad guys. That was presented by Officer Jason Rust of the Springfield Police Department, Crime prevention Unit. Officer Rust covered many areas of crime prevention and the question and answer portion was great. Thanks to both our speakers for an interesting meeting.

I attended the Joplin Coin Club meeting the Thursday after our meeting to invite them to our Picnic. It was very moving to hear of the deaths, injuries, home & business loss and much more they are trying to deal with. In addition to the Picnic and Benefit auction let's keep them in our thoughts as they cope with trying to put their lives back together.

Upcoming things to remember are the Picnic in July, ANA Summer Seminar presentations at the September meeting and Jim Griffin will also be doing a presentation at that meeting.

Over the summer we will be getting our sign for the outside of the building. This is long overdue and will recognize Truman Carters generosity to our club. We will also get the library updated, and get our "Numismatic Books to Schools" program started. I have been soliciting donations from authors and publishers and have had some success which will reduce our out of pocket cost for the project.

The Board has met a couple of times recently and continues to take care of the clubs' business but we cannot get everything we want to accomplish done without help. Here is where we need help?

We need a Secretary. Call me and I can explain what the duties are. It will not be a major time commitment.

We need to get our coin machine running and someone to work with the Discovery Center on a display for it.

We need someone to design and coordinate the construction of a numismatic display for the Discovery Center. You will also need to help pick and acquire the coins and currency for it.

We need a PC person to pick out a Computer for the Library, and then handle the purchase and setup.

If you can help with any of this contact me at rstewart65@hughes.net or 995-2028.

Coin of the Month

Olympic National Park Quarter

Obverse: George Washington's profile is surrounded by the inscriptions "United States of America," "Liberty," "In God We Trust," a mint mark, and "Quarter Dollar."

Reverse: Surrounding the park's mountain scenery are the words "Olympic," "Washington," "2011," and "E Pluribus Unum."

Hello there, friends! I'm here to present to you the Olympic National Park quarter as our Coin of the Month. If you're looking at the coin's photo there on the side, you'll notice a mountain, a forest, and a river, which remind us of the beauties of this huge wilderness park.

It's also hard to miss the handsome elk stepping into the river. Let me introduce to you this majestic animal (in case you haven't already met)!

This is one of Olympic's proud residents, known as a Roosevelt elk (or, more formally, *Cervus elaphus roosevelti*). It was named after President Theodore Roosevelt, who helped set the lands of this park aside for everyone's enjoyment.

The Roosevelt elk is the largest kind of elk in North America (much larger than the black-tail deer that often live in its neighborhood). What's more, Olympic National Park is home to the largest wild herd of these elk in the Pacific Northwest.

You can tell that the elk on the coin is a male because of his antlers. Both males and females have dark brown heads and pale brown bodies, but males are larger and have antlers.

An elk like this one wanders a wide range of habitats, from high mountain meadows down to lowland rain forests, where food abounds. He dines mainly on ferns, shrubs, and lichens from the rain forest. In the meadow, he munches on meadow grasses. That's not my idea of a tasty dish, but...to each his own!

I hope you've enjoyed meeting the star of the Olympic National Park quarter! Read more about this park and its quarter on the [Olympic National Park](#) quarter page.
