### Celebrating the 25 years of Moon

By Usagi Tsukino

In 2018, the Nations of Japan and the Cook Islands would join together to bring two coins that commemorate the 25<sup>th</sup> year of a great Anime and Manga, known as Sailor Moon. The Anime would start in the year 1992 and would reach western audiences in the year 1993. The show follows a young girl who uses her powers to fight for justice and equality. And she still is fighting to this day.

The first of the coins is a \$10 high quality gold coin. The obverse pictures Sailor Moon, ringed with the words "Pretty guardian. Sailor Moon 25<sup>th</sup> anniversary". The reverse has Elizabeth the II, with the words Cook Islands and the Year 2017.

The second coin is a \$2 silver coin. The obverse pictures Sailor Moon with, Sailor Mars, Sailor Venus, Sailor Mercury, and Sailor Jupiter. With the Moon Kingdom pictured behind them. The same words as the gold coin rings the back. The reverse is the same.

Both coins were released in Japan in June 2018. They were released as special box sets, with the gold coin coming in a book-style music box that plays "Moonlight Densetsu". While the silver coin was based around the Space-Time Door.

These coins would make a great addition to a collection, for fans of the Anime and fans of just foreign coins. I hope to find these two and add them to my own collection one day, and I hope that you can to. Until that day comes just remember: "I am Sailor Moon, champion of justice! On behalf of the moon, I will right wrongs and triumph over evil, and that means you!" – Sailor Moon.
